Ruby Basset Publishing, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.There are side effects to falling in love. Gina Giancarlo is an interior design genius, fast as lightning with numbers.and autistic. Yearning to be just like everyone else, she joins a drug trial that promises to help her experience a full range of emotions. With the ink still wet on his MBA, Chris Rinaldi has only two goals-make bags of cash and bag lots of women. Dancing on the edge of insider trading, he pushes his company to buy stock in a pharmaceutical firm because of its promising new autism drug. As Gina s understanding of the world blossoms, she forms a connection with the Wall Street hustler, who appreciates her-quirks and all. And for the first time since his sister s death, Chris experiences true emotions with a woman who has recently discovered passion herself. Gina believes the pills are responsible for her awakening. Chris knows they re responsible for his success. And when the drug is discontinued, the cost of normal might bankrupt their future. Characters are charming and the story is so original and fresh. I fell in love with this very special woman. -Mariah Stewart, New York Times and USA Today bestselling author of The Chesapeake Diaries series This book is really much more than a conventional romance. Kate has lovingly crafted a story about the power of the human heart to effect more change on its holder than any drug could hope to effect. -Katy Regnery, New York Times and USA Today bestselling author of The Blueberry Lane series.
