Dimensions: 8.9in. x 6.0in. x 1.2in.We cannot afford to spend as much money as we spend today on health care. Health care costs are destroying state and federal budgets and health care costs are driving American families into financial collapse. We spend twice as much money on care as the rest of the worlds industrialized nations. Most of those countries get better care, faster care and more care than we doand they all spend a lot less money in the process. Health care saves lives. That is wonderful. Health care costs can impair the financial functioning for the lives that are saved. That is clearly not wonderful. It isnt right for care costs and expenses to destroy the lives that are saved by care. This book explains how to resolve those issues. Uwe Reinhardt, Joseph Antos, Ron Pollack and Dr Dean Ornish offer their thoughts on the book. Dont Let Health Care Bankrupt America lays out a practical agenda of reforms needed to maintain and improve the quality of health care in this country without imposing ruinous costs on ourselves and our children. The message is clear: our health system must be re-engineered to produce health care that is appropriate, high value, and efficient. George Halvorson argues that we need to reform the business of health and bring the patient to the front of the line when deciding how health care should be delivered. Real patient-centered care, smarter use of electronic medical records, better care coordination, price transparency combined with price relevancy, bundled payment in place of piece-rate pricing, accountability and personal responsibility, and the adoption of smarter competition-based approaches to Medicare and Medicaid are on the agenda for system-wide improvement. George Halvorson speaks with three...
