Forgotten Books, 2018. Hardback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from The Improvement Era, Vol. 7: Organs of Young Men s Mutual Improvement Associations In the preceding papers it has been shown that Joseph Smith s early life and education were of such a kind as to make it very improbable, if not impossible, for him to have accumulated a store of the scientific knowledge of his day from books, or even from his associates. Further evidence of this claim was shown to lie in the comparative absence of well-known scientific facts from his writings; the absence of scientific phraseology, and in the original method of stating scientific principles. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
