

## What if God's A Christian?: An Orthodox but sceptical Jewish view of the world (Paperback)

By Daniel Greenberg

Grosvenor House Publishing Ltd, United Kingdom, 2017. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. For many people, organised religion creates or contributes to the world's most significant problems today, and causes or foments division, mistrust and hatred. But most people for whom religion is important would like it to be part of the solution, and not the world's biggest problem. This book provides reactions to a wide range of events and issues (including a mini-series on business ethics) from an orthodox but sceptical Jewish perspective, in an attempt to demonstrate that a religious approach can contribute ideas that people of other religions, or no religion, may find interesting and even helpful.
