BEE-KEEPING FOR PROFIT (CLASSIC REPRINT) (PAPERBACK)

Forgotten Books, 2018. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Bee-Keeping for Profit Some may think - rashly - that there is no thing new to be said or learned about the bee, but the fact is that even scientists are still ignorant as to the definite uses of certain of the insect's organs, and of the origin and remedies of some of the diseases from which it suffers. Putting aside, therefore, the merely commercial aspect of bee-keeping, there is still a wide field of interest and research open for exploration by the intelligent bee-keeper. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
