

Approaches to Ethnography: Analysis and Representation in Participant Observation (Paperback)

Filesize: 3.95 MB

Reviews

Complete guideline for ebook lovers. Better than never, though i am quite late in start reading this one. Its been printed in an remarkably simple way in fact it is only right after i finished reading this book through which in fact transformed me, alter the way in my opinion.

APPROACHES TO ETHNOGRAPHY: ANALYSIS AND REPRESENTATION IN PARTICIPANT OBSERVATION (PAPERBACK)

DOWNLOAD PDF

Oxford University Press, United Kingdom, 2017. Paperback. Condition: New. Language: English . Brand New Book. Approaches to Ethnography illustrates the various modes of representation and analysis that typify participant observation research. In contrast to the multitude of ethnographic textbooks, handbooks, and readers on the market, this book is neither a how-to guide nor a catalogue of substantive themes such as race, community, or space; it also avoids re-hashing epistemological debates, such as grounded theory versus the extended case method. Instead, this volume concisely lays out the predominant analytic lenses that ethnographers use to explain social action-for instance, whether they privilege micro-interaction or social structure, people and places or social processes, internal dispositions or situational contingencies. Each chapter features a prominent ethnographer delineating a distinct approach to the study of everyday life and reflecting on how their approach shapes the way they analyze and represent the field. Taken together, the collection is a practical guide that spells out how different styles of ethnography illuminate different dimensions of everyday social life. As such, Approaches to Ethnography complements and augments-but not duplicate-existing ethnographic methods and logic of inquiry texts for undergraduate and graduate courses on qualitative research methods.
