Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from The New Democracy and the Constitution If professions of politicians mean anything, the triumph of Democracy in Great Britain is now assured. The proof lies in the line of argument habitually adopted by both parties in all the great controversies of the day, and especially conspicuous throughout the constitutional crisis that culminated in the Parliament Act of 1911. A fervent and almost servile eagerness to interpret and to execute the people s will is as persistently proclaimed by Conservatives and Liberals as by Socialists and Labour leaders. These earnest and unanimous professions must be accepted as genuine. No sincere reformer would dare to repudiate the principle now accepted as self-evident that government of the people, by the people, for the people is the sole rule of progress and humanity.
