Treating infections with antibiotic drugs that fights bacterial infections do not cure viral causes like cold, flu bugs and bronchitis. On the other hand, most common viral diseases appears self-limiting in healthy people s life. Means viral infection causes illness for a period of time in our body, then it resolves and symptoms disappear as our immune system fightbacks the virus and we recovers. In some cases, viral diseases can lead to serious, possibly life-threatening complications. Pneumonia is a secondary such viral infections. Immediate prior to Dr. Kabir s ICU admission at Prince Salman Specialist Hospital in Riyadh, Saudi Arabia he was struggling with cough, fever and pneumonia like symptoms that seemed partially related to MERS. Symptoms lingered even though he was taking antibiotic and cough syrup. Eventually, the ailment paved the path of a dire situation for him, at which point he was admitted against his will to the ICU center of the hospital where his eternal life s activity shut down abruptly. The incident happened so fast and so quietly that we as Dr. Kabir s entire clan did not find even enough time to clarify what exactly was Dr. Kabir suffering at that time. Within two weeks time Dr. Kabir s dead body just arrived from Saudi Arabia to his native country Bangladesh. It was quite a painful episode in our life. How calm a healthy, fully aware experienced physician got infection with MERs virus in Saudi Arabia? After all, MERs virus is not so dangerous is researchers current opinion. But the truth of the matter is we already lost our loved ones. In my book Forget me not, I presented Late Dr. Kabir s struggle with MERs-CoV...
