NON-CODING RNAs AND INTER-KINGDOM COMMUNICATION

Springer-Verlag Gmbh Aug 2016, 2016. Buch. Condition: Neu. Neuware - This book presents a state-of-the-art compilation of articles on the role of non-coding RNAs as pivotal molecules for establishing functional relationships between different organisms. It also describes how non-coding RNA molecules can act as dynamic communication devices and how they modulate the interaction between different kingdoms. It describes examples including viruses, bacteria, fungi, and higher organisms such as protozoa that are involved in pathogenic or symbiotic interactions, and the roles...
