Mary Douglas s Purity and Danger: An analysis of the concepts of pollution and taboo (Paperback)

By Padraig Belton

Macat International Limited, United Kingdom, 2018. Paperback. Condition: New. Language: English . Brand New Book. Mary Douglas is an outstanding example of an evaluative thinker at work. In Purity and Danger: An Analysis of Concepts of Pollution and Taboo, she delves in great detail into existing arguments that portray traditional societies as evolving from savage beliefs in magic, to religion, to modern science, then explains why she believes those arguments are wrong. She also adeptly chaperones readers through a vast amount of data, from firsthand research in the Congo to close readings of the Old Testament, and analyzes it in depth to provide evidence that traditional and Western religions have more in common than the first comparative religion scholars and early anthropologists thought. First evaluating her scholarly predecessors by marshalling their arguments, Douglas identifies their main weakness: that they dismiss traditional societies and their religions by identifying their practices as magic, thereby creating a chasm between savages who believe in magic and sophisticates who practice religion.

Reviews

A new e book with a brand new standpoint. I am quite late in start reading this one, but better then never. I discovered this ebook from my i and dad advised this publication to understand.

-- Jada Franecki II

Here is the very best book i have got read through until now. I could possibly comprehended everything using this composed e publication. You will not sense monotony at whenever you want of your time (that's what catalogues are for concerning should you ask me).
