## AWAKENING THE ENERGIES OF LOVE: DISCOVERING FIRE FOR THE SECOND TIME, 2ND EDITION

Bramble Books. Paperback. Condition: New. 386 pages. Dimensions: 9.0in. x 6.0in. x 1.0in. An entirely new Intelligence has been blinking in and out of human existence for thousands of years. This astonishing gift has emerged from the immense creativity of the universe and is now becoming stabilized in increasing numbers of people the world over. I call it the emergent consciousness of Love. Such a consciousness is not a different way of thinking; it is a radically different orientation--to everything. Our work is to cooperate with it. This is not a self-help book. Nor is it a book about religion. It is an experiential inquiry into a consciousness of Love that honors all persons and all spiritual paths. If you love Life--all of life; if your intention is to serve Love, whatever it asks of you, Awakening the Energies of Love will help prepare you for its power and provide a pathway into the most significant transformation humanity has ever undergone. The thread that runs through the book and ties it together is story: personal, collective, and cosmic. These interwoven stories bring to life and create a hearth for the New Story inspired by Teilhard de Chardin, a cosmology developed by Thomas Berry and Brian Swimme, and which continues to evolve. In a sense, it's a story that, until now, has been told only in part: through geology, anthropology, physiology, psychology, archeology, architecture, and religion. Together, these disciplines are like tributaries feeding a great river of human knowledge summarized in the first half of the book: The Known. But to be complete, the New Story requires the fundamental change of mind and heart that comes with the inexpressible gift of awakening to the energies of Love. This begins the focus of the second half of the book, The Unknown. The remaining...
