A Short Text-Book of Inorganic Chemistry (Classic Reprint)

By Dr Hermann Kolbe

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from A Short Text-Book of Inorganic Chemistry Although the number of short Text books of Inorganic Chemistry is large, it is hoped that this little book will supply a definite want among teachers and students, corresponding to that which the Editor has himself felt. The principles which have guided the Author in writing the book are fully stated in his Preface, and with these the Editor entirely concurs; but in adapting the book for English students certain alterations and additions were necessary, and to these the Author has given his full consent The whole book has been carefully revised throughout, and the physical constants brought up to date. Considerable additions have been made to the descriptions of water, atmospheric air, coal, iron, c. Short accounts of Gay-Lussac's law, Avogadro's law, and the manufacture of coal-gas have also been introduced into the text. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Reviews

Definitely among the best book I have got possibly study. I am quite late in start reading this one, but better then never. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- Olga Ledner MD

Complete guide for publication enthusiasts. I have read and i am sure that i will going to study again once again in the future. Your way of life period will be transform once you total looking over this publication.

-- Shayne O'Conner
