AUTHORHOUSE, United States, 2012. Hardback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Cleaning and Re-Indoctrinating Nigeria to the Root is a mirror of the nation where all Nigerians can see their images. It imagines Nigeria as a large portion of farmland owned by a group of families frustrated by their incapacity to plant and harvest abundantly from their travails for so many years. Most seeds/crops die before they are harvested, and few that survive are carted away by wild animals and pests. Eventually, some farmland owners, their dependents, and those who are trained to manage farms but are kept outside the project are beginning to come together to imagine options available for them as follows: (a) coming together of all trained members of the family where they adopt a motion of change of attitude (behavioral pattern) and sealed oath of sincerity on all future proceedings; (b) selection of all future seed/crops to be planted in the farmland; (c) screening out of all bad leaders and workers in the farm, (d) disinfecting the barren land from pesticides, screening out gravels and concrete sands, and then irrigating and fertilizing the land; (e) securing the farmland from wild animals by erecting a fence and employing new security guards; (f ) taking decisions on how crops will be harvested and what to do with the gains in areas of priorities, including distribution among the whole group of families.
