LIAR DETECTOR: HOW TO TELL IF SOMEONE IS LYING AND MAKE THEM TELL THE TRUTH (PAPERBACK)

Createspace Independent Publishing Platform, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Become A Human Lie And Truth Detector Lying is an ingrained instinct. Humans learn to lie by the age of three and just keep on lying into adulthood. On average, people will lie 3 times or more in a ten minute conversation with a stranger or acquaintance. Does this sound unbelievable? Or maybe, you just don t know how to spot the lies. There are many types of lies in this world: little white lies, big lies, small lies, omissions, exaggerations, and unconscious lies. Everyone lies at some point in their life. However, some people do it more often than others. It can lead to an immense amount of frustration when dealing with habitually dishonest people. It may be a teenager that you suspect isn t telling the entire truth about their late-night out or a co-worker is constantly bragging about achievements that you doubt they completed. You may have a relative that always denies what they said at that last family gathering or maybe you just want your spouse to tell you what they actually think about your newest sweater. Regardless of the circumstances, there are often many everyday situations that make you want to know the complete truth. But how does one go about finding out if someone is actually lying? Most people can only successfully spot a lie about 50 of the time. Many people also think that only polygraphs can tell when people are lying. But what if you could become a human polygraph? What if you could tell if someone was lying simply by the way they said something or the facial expression they used? If this sounds like an appealing prospect, strap yourself into...
