-----About the SeriesThe style of this series is light and fun, adventurefantasy, filled with wonder and just a dash of romance. It is first and foremost character driven and as such, there will oftentimes be considerable dialogue as opposed to descriptive imagery. Requirements for reading will be a sense of adventure and a sense of humor, a willingness to laugh and cry, and you must be one who enjoys getting to know memorable characters. This is not hardcore Arthurian, so be forewarned: if you are a more serious student of King Arthur legend and lore, then this probably isnt for you, as there are better books and series out there in that regard. Chances are, you will hate it. However, if you are the type who likes to kick back and enjoy a warm, feel-good read, then this series will be right up your alley. ----
