The Dragonfly Sees: Poetic Visions of Nature

By Susan Winters Smith

Createspace, United States, 2011. Paperback. Book Condition: New. Brandy Sue Bushey (illustrator). 203 x 133 mm. Language: English . Brand New Book ***** Print on Demand *****.This is a book of poems of nature and life as seen through the eyes of the author, with her interpretation of the beautiful natural world created by God. Her sign is the dragonfly, a mystical insect that has been on earth for millions of years and has more eye facets than any other living creature. The dragonfly is revered by the Abenaki, New England's native Americans as a sign of magic and rebirth. The author writes of the swamps and bogs, lakes and ponds, brooks and rivers she has loved in New England, and the wonderful animals she has encountered there, and in her own back yard. She writes of turtles, snakes, hummingbirds and turkeys. She sings of cows and deer and butterflies. She is inspired by the flowers in her garden; pansies, lupine, foxgloves, and even the weeds like lady's thumb. She finds joy in all of the New England seasons and the hills and rocks and forests. Nature has a million tales to tell, and herein are offered a...

Reviews

This book will never be straightforward to start on reading through but quite enjoyable to learn. Better then never, though i am quite late in start reading this one. Your lifestyle span will probably be convert once you complete reading this publication.

-- Dr. Kadin Hane DVM

This publication may be worth purchasing. it was actually writtern quite flawlessly and valuable. I am just happy to tell you that this is actually the very best book i actually have study inside my personal life and can be he best ebook for actually.
