By B R Morton

Forgotten Books, 2017. Hardback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Excerpt from The Care of the Woodlot The effect of strong winds on a stand that has been severely thinned is usually disastrous. When the thinning of a dense stand is necessary is should be made, with the greatest of care, especially with shallow-rooted species on thin or swampy soil or in stands situated on exposed hillsides. It is best done a little at a time and spread over a period of several years. This method does not expose the remaining trees to the full force of the wind before they have time to develop bracing roots.
