Liver-Eating Johnson: The Life and Legacy of the Famous Mountain Man (Paperback)

By Charles River Editors

Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Large Print. Language: English . Brand New Book ***** Print on Demand *****. *Includes pictures *Includes online resources and a bibliography for further reading To possess and develop western North America became a high priority for the United States government even before its constitution had been complete. For President Thomas Jefferson, the vast terrain of plains, mountains, and extensive coastlines offered both long-term prosperity and protection from competing international powers. To take ownership of the continent's natural resources and establish ports on both coasts from which to trade products with the world was alluring to several European powers as well. Spain contested the land to the south, following exploration of present-day Florida, and France was heavily invested in what was to become large tracts of eastern Canada. Britain was eager to erect forts and trading posts along the Pacific, thanks to the earlier efforts of Captain John Cooke, who had explored much of the Pacific coast. Early in the 19th-century, crossings such as the Lewis and Clark Expedition and John Jacob Astor's first business ventures in the Northwest demonstrated the impracticality of traversing the hostile environment for the common citizen...
