Getting the Most Out of IEPs: An Educators Guide to the Student-Directed Approach

By Paul Wehman Ph. D.

Brookes Publishing Company. Paperback. Book Condition: New. Paperback. 288 pages.

Dimensions: 9.9in. x 6.9in. x 0.8in. Student-directed IEPs are quickly gaining momentum in schools across the country. The proven benefits include higher academic achievement, enhanced student motivation, and increased communication and self-advocacy skills for students with disabilities. Now for the first time, there is a book that gives elementary and high school educators in-depth how-to guidance on making student-directed IEPs work for students with a range of special needs. Packed with practical advice, helpful examples, and IEP resources for students themselves, this cutting-edge guidebook finally puts into print the best ideas for developing meaningful student-directed IEPs while adhering to legal requirements and evidence-based practices. Teachers will learn how to support students regardless of their current skills and abilities as they increase their own level of direction across every facet of the IEP process: articulating strengths, needs, and legal rights; setting clear goals and evaluating progress; advocating effectively for themselves in formal settings; determining and securing appropriate accommodations; communicating preferences and interests; accepting responsibility for areas where improvement is needed; participating fully in discussions about post-school plans and needs. Destined to elevate future standards for the IEP process, this compelling and accessible book will help teachers ensure customized, highly effective educational plans for...
