Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.10+ Crochet Mandala Rug Patterns There are so many ways we try to make our homes personal. If there is anything we can do to add that little touch of home, we do it, no matter what it is. That little touch could be something as big as a painting or a portrait, or even a statue of some kind in the center of the living room, or it could be something far more subtle. When you break into the world of handmade, you are turning to the artistic world for your needs. There are so many advantages to that because that means you are able to get just what you want, you are able to get something that is unique, which means you are able to break out of the same things everyone else is doing, and you are able to mix and match to fit your own style. If you are able to make things yourself, you are in an even better spot in that you can make anything and everything entirely custom. You don t have to worry that the store isn t going to have what you want to match the drapes in the parlor, or that the little piece isn t going to go in your bedroom. When you are able to make it yourself, you can pick the size, color, and shape of anything and everything, no matter what it is. That is where this book comes in, filled with different rug patterns to give you just what you need to make your home a masterpiece. Follow the patterns for different mandala rugs to stand out from the crowd Make your own statement while you refuse...
