Forgotten Books, 2017. Hardback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Aus Meinem Konigreich: Tales From the Carpathian Mountains Nor many years ago, the Roumanians, i.r., the inhabitants of the two principalities of Moldavia and wallachia, were hardly known by name, and it was only through the grave events of which the Lower Danube has been the scene, since the middle of the XIX. Century that they are prominently brought to the fore. We know now that they constitute one of the most important elements of the population of Eastern Europe that they differ essentially from their neighbors, be they Slav, Turk, or Magyar - and that in some way they are descendants of the old Romans, though they live detached from the other nations of the gracco-latin family. The origin of this Latin-speaking nation is still shrouded in mystery. Are they the descendants of the Getae and Latinised Dacians? Or does the blood of Italian colonists brought thither by Emperor Trajan (98 - 117 a.d.) predominate among them? About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
