This publication will be worth purchasing. It really is written in simple terms instead of difficult to understand. It's been designed in an exceptionally simple way and is particularly only right after I finished reading this ebook in which basically modified me, after the way I believe.

Paperback. Condition: New. 55 pages. A collection of poetry by author Faizaan Fahsal. His works explore the true nature of humans, and ponder upon the existence of our very souls, and a passionate journey through varied emotions experienced in human life. It voices from the pain of loneliness and yearning of heart for love to the radiance of such idealism that can transcend all pain and sacrifice all joy for the sake of service above self. It glorifies the innocence of romantic love to the height of divinity and then breaks all barriers of individualism to mingle itself with universal love. This tale of poems worships the strength of youth power, their ardent passion and their invincible courage which is capable of perishing all injustice from humanity. On one hand it speaks of the beauty of friendship, love, hope and purity of the child in us and on the other hand, it reveals the ugliness and evils that exist in our society and tarnish this beautiful earth of ours. It voices the pain of the oppressed and the unfortunate and urges the youth to change this world into a better place to live in. The simplicity of the language can convey its message to people from all walks of life and the depth of feelings reflected in the words can touch even a soul, which has never seen the world through the melody of poems, and make it love poetry. Acclaimed for his individual works, Poetic Genius of Chicago compiled 50 of his works, and have published them for your enlightenment. This item ships from multiple locations.
