BIODYNAMIC CRANIOSACRAL THERAPY, VOLUME THREE

North Atlantic Books, 2010. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: Michael Shea has produced a fascinating insight into human embryology. He shows how the early movements and formations of the embryo not only relate to the creation of the body and integration of the systems, but also how they are the precursors for the development of the relational dynamics in the baby, infant, and adult. He proposes that practitioners can directly relate...
