A highly secretive agency formed in the last Great War could be the difference between success and defeat. The sudden arrival of a stranger in the sleepy town of Evesham was unusual; particularly one with seemingly magic powers. The mysterious Cabbage Von Dagel would throw Henry Maggin directly into the war effort and see them shipped to the Isle of Man where enemies of the state were housed. Traditional weapons wouldn t win this war - the victor would have to think outside the box. Between them they could be the last line of defence to repel the German invasion - failure was simply not an option.
