Branoc had not tasted human blood in so long that his body urged the muscles in his jaw to bite deeper, to plunge for the last drops of heart blood; plunder another victim, and then another. The madness might never end! He knew his danger because he had fallen before to this poison for his soul. A monster too much like the one he pursued . Molly is dead, but a memory of her still lingers in Franka, a murderous terror that haunts the city. The vampires are afraid and demand a search for the violent monster that rips through them unchallenged. The city morgues report severed heads and stolen bodies while vital medical equipment is missing from high-tech research facilities. Who, or what, is behind it all? Killian Branoc, the handsome vampire investigator from Detroit, has joined the local San Francisco vampire team, led by the beautiful Jamie Tennessee, to solve the quickly expanding emergency. How will Branoc and Jamie answer the panicky vampires as the deaths increase - especially when they learn how the monster has a particular taste for vampire blood? What secrets will they unearth about the monster s frightening creation? What decisions are they forced to make that go against all their training? The cunning creature leaves evidence that it stalks Branoc - it hungers for him in unwholesome ways - and that it is infuriated with his growing feelings for Jamie. Will Branoc survive the patchwork monster that has a will for vengeance and a hunger for vampires? Can he save the city, or will the destruction wriggle between his fangs and flee across the world unimpeded? Find out in this action packed twist on vampire...
