

Science, Faith and Society (Paperback)

Filesize: 2.7 MB

Reviews

This pdf is so gripping and intriguing. I could comprehend almost everything using this composed e book. You are going to like just how the article writer create this ebook.

(Miss Dakota Zulauf)

SCIENCE, FAITH AND SOCIETY (PAPERBACK)**DOWNLOAD**

The University of Chicago Press, United States, 1964. Paperback. Condition: New. Language: English . Brand New Book. In its concern with science as an essentially human enterprise, *Science, Faith and Society* makes an original and challenging contribution to the philosophy of science. On its appearance in 1946 the book quickly became the focus of controversy. Polanyi aims to show that science must be understood as a community of inquirers held together by a common faith; science, he argues, is not the use of scientific method but rather consists in a discipline imposed by scientists on themselves in the interests of discovering an objective, impersonal truth. That such truth exists and can be found is part of the scientists faith. Polanyi maintains that both authoritarianism and scepticism, attacking this faith, are attacking science itself.
