

## Butterflies of Central and Northern Arizona: A Guide to Common and Notable Species

By Jim Brock

Quick Reference Publishing, Inc, 2016. Poster. Condition: New. Language: English . Brand New Book. Butterflies of Central Northern Arizona: Central and northern Arizona includes Phoenix and the surrounding desert areas, the Mogollon Rim, White Mountains, the San Francisco Peaks, Flagstaff and the Grand Canyon and is home to over 200 species of butterflies. This handsome guide beautifully illustrates 84 of the most common and several of the most notably unique species of the region. It also features all of the corresponding caterpillar forms for each of the adult butterflies. Common and scientific names, adult size, season when they can be found, and their caterpillar host plants are listed. Nature enthusiasts of all ages will enjoy using this marvelous guide.

### Reviews

*Basically no terms to clarify. It is actually written in basic terms rather than confusing. I found out this ebook from my dad and I suggested this book to find out.*

-- Elinore Vandervort

*If you need to add benefit, a must buy book. I could possibly comprehend every little thing out of this composed e pdf. I am quickly could get a enjoyment of looking at a composed book.*
