Reviews

I actually started off looking at this pdf. It is one of the most amazing pdf i have got read. Once you begin to read the book, it is extremely difficult to leave it before concluding.

HOME GARDENERS PONDS (PAPERBACK)

[DOWNLOAD](#)

Creative Homeowner Press,U.S., United States, 2016. Paperback. Condition: New. Language: English . Brand New Book. Ponds and water features have been popular in gardens for thousands of years. This book is aimed at anyone who is thinking of building a pond, anyone who has bought some of the materials but doesn't know how to start or anyone who has a pond and needs to know how to keep it at its best. The book starts with the basics of assessing the garden, checking the site, planning and preparation, tools and materials and electrical wiring and safety. With the basics established the authors introduce the many different types of pond and how they can be created, maintained and enhanced. From split-level ponds to wildlife ponds, plant and fish and adding sculptures, bird houses, stones and bridges, each subject is presented in a clear way with box features, lists and questions and answers. The final chapter looks at water features - a rock pool or stream for a large garden or a small wall mask or trough for a tiny back garden.
