

The Rites and Mysteries of Serpent Worship (Paperback)

Filesize: 5.91 MB

Reviews

This ebook is worth acquiring. Better then never, though i am quite late in start reading this one. You will not truly feel monotony at at any time of your own time (that's what catalogues are for about if you ask me).
(Lorenz Vandervort)

Createspace Independent Publishing Platform, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. OPHIOLATREIA, the worship of the serpent, next to the adoration of the phallus, is one of the most remarkable, and, at first sight, unaccountable forms of religion the world has ever known. Until the true source from whence it sprang can be reached and understood, its nature will remain as mysterious as its universality, for what man could see in an object so repulsive and forbidding in its habits as this reptile, to render worship to, is one of the most difficult of problems to find a solution to. There is hardly a country of the ancient world, however, where it cannot be traced, pervading every known system of mythology, and leaving proofs of its existence and extent in the shape of monuments, temples, and earthworks of the most elaborate and curious character. Babylon, Persia, Hindostan, Ceylon, China, Japan, Burmah, Java, Arabia, Syria, Asia Minor, Egypt, Ethiopia, Greece, Italy, Northern and Western Europe, Mexico, Peru, America-all yield abundant testimony to the same effect, and point to the common origin of Pagan systems wherever found.
