MEXICO'S ILLICIT DRUG NETWORKS AND THE STATE REACTION

Georgetown Univ Pr, 2016. Paperback. Book Condition: New. 14.6 x 22.22 cm. This study examines illicit drug networks in Mexico and explains why the state targets certain types of networks more forcefully than others. Jones classifies drug networks into two basic types, "territorial" and "transactional" networks. Transactional networks focus on trafficking and are more likely to collude with the state through corruption. Territorial networks, which seek to control territory for the purpose of taxation, extortion, and their own security, trigger...

Reviews

This ebook is great. It is definitely basic but shocks from the 50 percent of your publication. Its been printed in an exceedingly basic way and it is only right after i finished reading this book where basically changed me, modify the way in my opinion.

This is the finest book i have got study right up until now. I am quite late in start reading this one, but better then never. Once you begin to read the book, it is extremely difficult to leave it before concluding.
