As more is invested, innovation in technology and production will drive prices down further. That is why it is so important to get the first cellulosic ethanol facilities up and running. The President said in his State of the Union Address that he wanted to make cellulosic ethanol practical and competitive within 6 years. In fact, one plant is ready to be built in Idaho, and many others could be built within the 6-year timeframe. I have asked the President to make sure that the loan guarantees that Congress authorized for cel-lulosic ethanol production are in place by this summer. As alternative fuels become more competitive, oil and gas pro-ducers have strong incentive to drop prices to kill the competition. Investors need to know that alternative energy initiatives will con-tinue to be competitive. A revenue-neutral...
