

Diseases of the Human Mind (Paperback)

By MR Uvara Isaac U Nelson

Createspace Independent Publishing Platform, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. The human mind is a cognitive faculty that enables consciousness, perception, judgment, contact with the cosmic nature, memory and a unique kingdom of its own, perfectly designed to direct the path of the future. This book is focused on the mindset which is the composition and structure of the human mind. Most importantly, key psychological variables such as fear, anxiety, doubt which sometimes helps us to develop a unique attitude of retracing our missing steps. We often time see anger as a natural phenomena but Anger is not only a psycho-social problems but spiritual canker-worm. Other forms of diseases discussed are envy is a twin brother of jealousy which characterizes our level of immaturity and spiritual deficiency. Often time we forgive people without forgiving what they did to us or our loved ones. What then is forgiveness? Why are we so fearful to ourselves? This book also contains practicable approaches that include prevention and solution, moment of introspection (sober reflection), and ways to strengthening our relationship with God and humanity. Diseases discussed in this book are all fought within...
