This publication will be worth purchasing. It really is written in simple terms instead of difficult to understand. It has been designed in an exceptionally simple way and is particularly only right after I finished reading this ebook in which basically modified me, altered the way I believe.

GOD ONE AND TRIUNE RETRIEVALS AND EXPLORATIONS

CreateSpace Independent Publishing Platform. Paperback. Condition: New. This item is printed on demand. 240 pages. Dimensions: 9.0in. x 6.0in. x 0.6in. Is the Trinity a piece of celestial algebra that really makes no difference to Christians, or a life-giving mystery that teaches us something vital about God and ourselves? This doctrine has taken its shape and focus over many centuries, and this textbook aims to retrieve key insights that have emerged at different times and to root them in their authors' life experience. It also explores contemporary re-expressions and ramifications of this teaching. It seeks a fruitful integration of various approaches to this mystery, notably to the psychological (intra-personal) and social (inter-personal, communitarian) models which continue to be put forward today. In greater detail, this text-book covers the development of Christian teaching on God one and triune, starting with its roots in the Hebrew scriptures, and surveying its development down through the centuries. It covers the impact of Jesus on our understanding of God and the early traces of teaching about the Trinity in the New Testament; the foundations for the doctrine of the Trinity laid in the period of the Fathers and Councils; developments in the Western Church from Augustine to the Medieval period, with attention to the contrasting approaches of the Eastern Church; and the contribution of great authors of the 20th century such as Rahner, von Balthasar, Lonergan, Mhlen, and the models they provide. It then explores a contemporary approach that brings together earlier understandings, and reflects on the pertinence of this teaching on the life of the Church, focusing on how we might name God in a post-patriarchal society, and how we might foster genuine dialogue between world religions. Rather than put forth an out-and-out critique of earlier authors, it seeks to retrieve what is of genuine...
