Reviews

It is one of the most popular pdfs. It really is full of knowledge and wisdom. It has been developed in an exceptionally easy way and it is just right after I finished reading through this publication by which it really altered me, altered the way in my opinion.

THE MACHINE GOD (PAPERBACK)

Sans Culottes Press, United States, 2013. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Professor Oladel Adewole has lost tenure, and the beloved, much-younger sister he s raised has died. With no reason to stay, he leaves his homeland for the University of Eisenstadt. One thing makes his new life bearable: the island floating a mile above the city, his all-consuming interest for years. When a brilliant engineer makes it to the island in her new invention, the government sends Adewole up with its first survey team. The expedition finds civilization, and Adewole finds a powerful, forbidden fusion of magic and metal called the Machine God. The government wants it. So does a sociopath bent on ruling Eisenstadt. But when Adewole discovers who the mechanical creature is--and what it can do--he risks his heart and his life to protect the Machine God from the world, and the world from the Machine God. Raves and a 4.2 average on Goodreads! Loved this book. I expected a fairly light weight fantasy/sci story, with a few rough edges. But this is a wonderful polished story. The world thats been created is detailed and believable: just enough extra background to suck you in! Ms. Miranda packed a whole lot into just a few pages -- wry and pointed commentary on academic politics and the tensions between pure and applied research, the ethical implications of the quest for knowledge for its own sake, the public and private morality of holders of political and academic power, and yes, whether or not someone at some point actually managed to build a mecha so big and powerful that it could legitimately be referred to as a Machine God. Meilin Miranda writes a fascinating story about a person s search for the greater...
