Risque. Two names is all that sex therapist Doctor Lyssa Cutler has, but it s all she needs. Those two words reveal the name of a man and the name of the strip club that she ll find him in. She might not have expected to find the solution to her stalker problem in such a place, but she does. In fact, Trapper turns out to be far more than just the man capable of tracking down her pursuer. Colt Warner s better judgement tells him that he should reject the job offered to him by the inquisitive doctor because he can tell that this sassy sexpot is going to be trouble. Being attracted to a client goes against his usual ethics, but playing by the rules has never been his strong suit. Giving in to their sparking attraction lures reality into harsh focus. The stalker that brought them together doesn t like the picture that the new couple presents and seems prepared to do anything to tear them apart. Questions...
