By Pierce Angela

Cooking Genius, United States, 2013. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Bread baking is the process of making bread no matter what type of bread it is. This is usually done by bakers in bakeries but this process can also be done at home even if you are not a baker. In other words, you can bake your own bread at home if you want to. As a matter of fact, there are several advantages of baking bread at home. One, it is healthier. This is because you are the one baking your bread meaning you know and you have full control over the ingredients you are putting in it. Two, bread baking at home is cheaper. This is because you are not baking for profit and since you have full control over the ingredients, it is up to you to decide whether to use expensive ingredients or not.
