By Tim Harris

CAMBRIDGE UNIVERSITY PRESS, United Kingdom, 2003. Paperback. Book Condition: New. Digital Print ed.. 226 x 152 mm. Language: English Brand New Book ***** Print on Demand *****.This study of the political attitudes of ordinary Londoners during the reign of Charles II examines not only the manifestations of public opinion - for example, riot and demonstration - but also the manner of its formation - religious experience, economic activity, and exposure to mass political propaganda. Professor Harris shows to be misleading the conventional view, that the whigs enjoyed the support of the London masses, and the tories were essentially anti-populist. Both sides had public support during the exclusion crisis, and this division stemmed from fundamental religious tensions within London political culture, dating back to 1660 and before. Attractively illustrated with polemical contemporary engravings, London Crowds demonstrates clearly the value of bringing together both high and low activity into a truly integrated social history of politics, and sheds important new light not just on urban agitation but on the nature of late-Stuart party conflict.

Reviews

This created pdf is fantastic. Indeed, it can be perform, nonetheless an interesting and amazing literature. Its been developed in an remarkably straightforward way and is particularly simply following i finished reading this publication by which in fact altered me, alter the way i really believe.

-- Amanda Hand Jr.
