Smart Dollar Press, LLC, United States, 2012. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. The greatest crisis confronting global capitalism today is the lack of leadership. Leaders are not just managers; they are sources of inspiration and guidance. Executive Wisdom dispels the myth that success is measured only in terms of net worth. Instead, Reynier Lezcano shows that true leaders achieve the most success with balanced action and human sensibility. This book reminds you that financial success and emotional fulfillment are not opposite goals. In fact, they complement each other. If you are ready to put aside all you ve been taught and conditioned to do in the world of career and business, then you are ready for Executive Wisdom.
