Brand New Book ***** Print on Demand *****.Excerpt from The Locusts Years When a man has reached the point where he can reflect, with cynical satisfaction, upon the brutality of organized society, and can contemplate unmoved one of its victims; and when the cause of his reflections is a woman not over thirty, whose worth and refinement are obvious to any reader of faces, that man either must possess a coarse-grained and cruel nature, or he must be very highly civilized. No shade of doubt could have entered Judge Alexander Barton s mind as to which of these adjectives applied to him. He would have repudiated the faintest hint that a taint of coarseness or cruelty could lie in him. His was one of those eminent political personalities which bubble up from the great caldron of American democracy. He had convictions and principles of a high order.
