Reviews

This publication is wonderful. I have got study and so i am confident that i am going to likely to read once again once more down the road. Its been designed in an exceedingly straightforward way which is only soon after i finished reading this ebook by which actually altered me, change the way i think.

(Woodrow Labadie)

A GREEN RIVER READER

University of Utah Press,U.S. Paperback / softback. Book Condition: new. BRAND NEW, A Green River Reader, Alan Blackstock, "There is something ominous about a swift river, and something thrilling about a river of any kind." from "Beyond the Hundredth Meridian "by Wallace StegnerBeginning above Flaming Gorge Dam in southwestern Wyoming, the Green River traverses the complete variety of terrain on the Colorado Plateau before joining the Colorado River above Cataract Canyon in southeastern Utah. Like its more famous cousin, the Colorado, the Green has captivated, capsized, and cajoled all types of characters with challenges and beauty to match its geologic variety.In "A Green River Reader "editor Alan Blackstock brings this mysterious, magnificent, thrilling river to the reader with an interpretive guide that will inform both river novices and river veterans. Assembled here is every significant written testament to this "awesome ditch," from Dominguez-Escalante to Kit Carson and John C. Fremont; to contemporary American naturalists and writers including Wallace Stegner, Bernard DeVoto, David Brower, Ann Zwinger, Ellen Melloy, and Edward Abbey. Those with a story to tell those who trapped the Green s beavers, endured its wild rapids, were humbled by its imposing canyon walls, fought for its beautiful landscapes, or whose "pulse was hurried" by the "lofty chasms, walled in by precipices of red rock" are collected here.If you re headed down the Green, make sure that your dry bag or ammo can has room for just one more thing, your copy of "A Green River Reader.""
