SUPADUPA WEBSITE TRAFFIC: ONLINE MARKETING

Createspace, United States, 2014. Paperback. Book Condition: New. 216 x 140 mm. Language: English . Brand New Book ***** Print on Demand *****.My purpose in writing this book is to help people get more traffic (visitors) to their websites. I have been working in the field for many years and I hope that my experience and recommendations will enable you to boost your website traffic in the shortest possible amount of time. I will tell you what works and what doesn't work based on my own case studies and hopefully that will save you time and money in taking the wrong path. Let's take a quick look at what you should expect to learn in the coming chapters: You will discover a website where you can submit the best article you can write. Once your article is dug you can expect thousands upon thousands of visitors to flock to your website overnight. And for as long as your article is dug by other people, the amount of traffic you will receive will remain at such a competitive and sustainable level. You will discover a new way of categorising topics. The way it works is much like the algorithms of search engines. The difference? This system employs human intervention instead of purely relying on mindless search engine spiders. You will discover a new way of promoting your links via a new manner of networking. This kind of networking is user-based, and soon enough, your link will be promoted all over the Internet! You will discover a website that generates more than twice the amount of visitors who use Google. Google is the number one search engine in the world, making it a very potent marketing tool via search engine optimization (SEO) tactics. Imagine then the possibilities of being able...
