FEVER CITY

Europa Editions, United States, 2016. Paperback. Book Condition: New. 203 x 130 mm. Language: English . Brand New Book. If you took James Ellroy at his most imaginative and Oliver Stone at his most conspiratorial, and mixed them up in a supersized martini shaker, you would produce the vivid writing, explosive events, and irresistible entertainment of *Fever City*. The story kicks off in 1960 Los Angeles, with the daring kidnapping of the child of one of America's richest men. It then darts back and forth between a private detective's urgent search for the child, the saga of a notorious hit man in the days leading to JFK's assassination, and the modern-day story of a skeptical journalist researching the still-active conspiracy theories of the 50s and 60s, with the aim of debunking them. Just as the detective discovers that the kidnapping is a crime much larger than he imagined, and the hit man finds himself caught in a web that is astonishingly complex, the journalist discovers-to his horror, dismay, and even his jeopardy-that the conspiracy theories might well be true. With expert pacing, sparkling dialogue, and plot twists that will keep readers entranced, Tim Baker's irrepressible debut novel is a joy ride through classic noir traditions, updated with a surprisingly contemporary sensibility.
