Excerpt from The Psychology of Bolshevism Revolutionary Communism is a menace to civilization. It is an ironic fact, providing food for deep and serious thought, that the end of the great world war has brought mankind not peace, but only a more difficult and serious conflict. The Peace Treaty signed at Versailles remarkable as documentary historical evidence of the complete failure of the most ambitious and arrogant militarist scheme in history - does not really mark the return of peace to a war-weary world, but a new alignment of mankind for a war even more terrible. Every organized nation, with its culture, its laws, its arts, and its institutions-its civilization, in a word - is menaced by a new form of despotism and terrorism.
