Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Utilization as a Dependent Variable in Mis Research Utilization as a Dependent Variable in MIS Research Andrew W. Trice and Michael E. Treacy Abstract Utilization of an information system is an important and frequently measured MIS variable, since use of a system is the conduit through which information technology can affect performance. This paper addresses measurement issues associated with utilization variables. The discussion is motivated by a review of the literature and an examination of three relevant reference theories. It is asserted that utilization can be measured effectively if the measures chosen correspond to the measures suggested by an appropriate reference theory. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
