Harper. 1 Paperback(s), 2000. soft. Book Condition: New. There are more than 20 complete zodiac images incorporated into the public architecture of Washington, D.C., each one pointing to an extraordinary mystery. In this richly illustrated text, David Ovason distills a decade's worth of research, telling the story of how Washington, from its foundation in 1791, was linked with the zodiac through Masonic cosmological symbolism. Ovason's proofs are intriguing, and the far-ranging cast of characters includes George Washington, Ben Franklin, and Thomas Jefferson, as well as sculptor Carlo Franzoni, architect Pierre L'Enfant, and mystic Madame Blavatsky. 516.
