The African Leopard: Ecology and Behavior of a Solitary Felid

By N. Theodore Bailey

The Blackburn Press, United States, 2005. Paperback. Book Condition: New. 249 x 178 mm. Language: English Brand New Book ***** Print on Demand *****.First published in 1993, with a new and updated preface, this book is based on two years of intensive field study in Kruger National Park in South Africa. Ted Bailey examines leopard population characteristics, activity and habitat use patterns, movements, feeding ecology, and social organization, and provides new information on leopard mortality, scavenging, and relationships to other large predators and to humans. Illustrated with photographs, maps, graphs, charts, and tables. For professional wildlife biologists, students, and others concerned with the natural history of large carnivores. Ted Bailey is a retired Kenai National Wildlife Refuge wildlife biologist who has lived on the Kenai Peninsula in Alaska for more than 27 years. He is an adjunct instructor at the Kenai Peninsula College. Bailey has added a substantial and high-quality work. Science 1994 264:1004-1005 The leopard remains an enigma in conservation. It is a difficult task for biologists and managers to balance their desires to protect such a species and also promote systems increasing the values people place on the species. It may be the mystery and chase that elevate...
