St. John's Press. Paperback. Condition: New. 198 pages. Dimensions: 10.0in. x 7.0in. x 0.5in. In a series of boldly conceived and executed operations, American forces in the Pacific Theater captured and developed a number of strategically placed islands that were to serve as springboards for the inexorable advance towards the Japanese home islands. The Guadalcanal campaign, first offensive step after a year of reverses in this theater, marked the beginning of the American counteroffensive that gathered momentum until a steamroller of unprecedented force smashed its way across the vast expanses of the Central and Western Pacific. Hand in hand with the accelerating tempo of operations went improvements in the techniques employed in the amphibious assault and the sometimes protracted operations inland. By the time the Peleliu operation was launched in mid-September 1944, the Japanese had changed their tactics of defending the beaches and launching a final banzai once the inevitable end was in sight to a far more sophisticated defense that amounted to an extended delaying action conducted from well dug tunnels and cave positions which had to be taken at great cost to the attacking force. The battle for Iwo Jima, which got under way on 19 February 1945, represented a battle of attrition in the truest sense, with losses in men and materiel far out of proportion to the size of the objective. Aside from its tactical value, Iwo Jima assumed strategic importance in signalling the Japanese government and people that the United States was determined to bring the war in the Pacific to a victorious conclusion and that even the heaviest losses would not deter Americans from this purpose. New tactics employed by the Marine Corps in the course of the war were not limited to fighting on the ground. The speedy expansion of Marine...
