

Elementary School Mathematics by Grades, Globe Series, Vol. 5: Standard Measurements (Classic Reprint) (Paperback)

By William Estabrook Chancellor

Forgotten Books, 2018. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Elementary School Mathematics by Grades, Globe Series, Vol. 5: Standard Measurements Early arithmetical exercises are, in most cases, inevitably oral rather than written. As we go higher in the science Of arithmetic the temptation to rely upon writing more than upon speech in the development Of the processes Of problems greatly increases in strength. Observation and re?ection make it entirely clear that the most frequent uses Of arithmetic are simple multiplications, as in retail purchases, additions, and measurements by the eye. Various problems in this book illustrate the common instances in which we need to have arithmetical processes at perfect command. The complicated problems are for the Special workers in business and industry, and do not belong in children s text-books. It is possible that all the arithmetic which for its own sake as a useful body Of knowledge every boy or girl ought to know is contained in the earlier books Of this Series. Certainly very few girls will ever need to know much arithmetic beyond the topics Of the Fourth Book. The chief value Of advanced arith metic is...
