I believe it is as much the duty of the trainmaster as it is that of the superintendent to know at all times the number of net tons per train, as well as of the net tons per train mile, that is being handled over his territory. This information can be obtained either by estimating from operating sheets of previous periods, or by actual figures compiled from the wheel reports. Conductors may be requested to forward copy of wheel report to trainmaster s office, and from this report it is easy to arrive at the actual net tons per train and per train mile. With this information it is comparatively easy to arrive at a close estimate of the cost of operation, so that one does not need to wait for the operating sheet to know what kind of a showing the division has made. Here it may be well to4 how TO BE A first-class trainmaster. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
