

Genetic Memory (Paperback)

By Tim Dunn

Createspace Independent Publishing Platform, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Winner of the 2014/2015 Reader Views Reviewers Choice Award for Fantasy category and Best in Great Lakes Region category. Adam s disturbing childhood leads him to seek the truth. Determined to shed those unpleasant memories and begin his adult life he surrounds himself with people he believes he can trust. His haunting experiences have shaped his decision for how he will confront and deal with his past. Adam volunteers for clinical trial that uses science and technology to tap into his memories. During the process he travels on an adventure backward in time. Journaling these events he comes to grips with the true identities of the people around him and discovers his past by systematically unlocking the code to his genealogy. The story is a brilliant composition blending elements of religion and philosophy wrapped nicely in science fiction and fantasy while concluding with an epilog that will stir your soul.
